DID YOU KNOW?

Oudtshoorn is the Ostrich Capital of the World!

We are home to the largest ostrich population with a number of specialized breeding farms which date back to 1864! Ostrich meat is considered one of the healthiest red-meat options and is exported the world over.

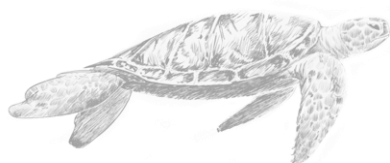

Oudtshoorn's economy is primarily reliant on the ostrich farming and tourism industry.

Kindly note:

The ostrich and crocodile offered in our restaurant (just like cattle, sheep, pigs and poultry), are lawfully farmed, and need to be purchased from legitimate and certified abattoirs. They are regarded as 'game meat' and are sourced from reputable industry suppliers only.
